Who doesn't love swoopy horns?! BL Talula is a daughter of the longest horned bull in the breed and is out of a pretty Bandera Chex daughter. That makes her double bred Poco Lady BL on the bottom. So many breeders have had such success with the Poco Lady BL genetics in their program. She's got a heifer by All In BCB, a Fifty-Fifty BCB son out of Ringa Dinger that's doing a good job of keeping horns growing in that lower,
